

# Think then click

These rules help us to stay safe  
when using the internet

1. In school, we use the Internet when an adult is with us.
2. We only use websites that a teacher tells us are safe.
3. We always ask for help if we get lost on the Internet or if we see something that makes us worried.
4. We ask permission before taking pictures of other people.
5. We can ask others not to video or photograph us.
6. We do not tell anyone our passwords or share personal information online
